

About bankmecu

bankmecu exists to serve its customers. All customers have an equal say with one share and one vote in how the Bank conducts its business on their behalf. Rather than rewarding external investors, **bankmecu** profits are owned by its customers and returned in the form of better rates and fees, as well as invested back into the Bank in ways to ensure its strength and development. Being accountable to its customers and sharing profits in this way helps ensure the Bank conducts its business in more sustainable and responsible ways. It provides for the future, rather than focusing on short-term gain.

bankmecu is solely based in Australia and headquartered in Melbourne, Victoria. As at 30 June 2013, we had 125,404 customers, \$3.041b assets, 348 employees and we operated through a network of 23 service centres, a national call centre and a range of remote online banking services.

The core business is retail banking. In addition, we have agreements in place with a number of organisations to provide a range of financial, insurance and ancillary products and services.

Did you know we are 100% customer owned and encourage greater competition in the Australian banking market.
